

## STOMACH TROUBLE FOR FIVE YEARS

Majority of Friends Thought Mr. Hughes Would Die, But One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advice from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die. I tried different treatments, but they did not seem to do me any good. I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try Theodor's Black-Draught, and quit

taking other medicines. I decided to take his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Theodor's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

## COURT OF SESSIONS IS MAKING PROGRESS

MISTRIAL ORDERED IN THE  
CASE OF CLYDE DEVLIN  
—OTHER MATTERS

### PLEAD OWN CASE

Negro Charged With Obtaining  
Good Under False Pretenses  
Cleared Himself.

The jury in the Clyde Devlin case which retired to their room Tuesday afternoon could not agree on a verdict and spent until 2 o'clock Wednesday morning in the jury room. At this hour they were dismissed and the court ordered a mistrial in the case. This is the first mistrial that has occurred in this court this year.

The first case to be taken up yesterday was that of S. Curtis Armstrong charged with murder. Mr. Armstrong, who is the master mechanic at Orr Mill, killed a man who was attempting to enter his home in the middle of the night. After several witnesses were heard, the judge directed a verdict of not guilty.

The second case was that of Mat Henderson, charged with housebreaking and larceny. The jury returned a verdict of not guilty.

John Scott, a negro, was tried for obtaining goods under false pretenses and, though he had no lawyer, was acquitted. This negro, it seems, mortgaged a mule to one of the local banks for a sum of money and at the time he believed the mule to be his own. The mule was probably his own, he having worked a year and a half paying the crop off the land to a certain white man. This white man assured him that all of his debts were paid and as the negro had bought the mule on credit, it was supposed by him that the mule was his own. He mortgaged this mule and this is where the case arose. The clerk challenged the witnesses produced by the state and went on the stand for himself. He testified in his own behalf in a straightforward manner and finally made his own argument before the jury. The jury acquitted him in a very short while.

Pink Sanders, charged with larceny, was tried by a jury and was found guilty. He is alleged to have stolen the sum of \$75 in cash from the person of another negro. Pink Sanders and the negro from whom he stole the money were walking along the public highway near the Equinox mill, and Pink grabbed the other negro's "wad" and ran. He was found guilty of larceny from the person in the court yesterday.

Bud Evans, a white man, charged with violation of the gallon-a-month law, pleaded guilty to the charge. He was given a sentence of three months in prison or a fine of \$100, \$50 of which is suspended during good behavior. This is the first case of violation of the gallon-a-month law that has been called on Anderson county.

Cooley Groves, charged with assault and battery with intent to kill, was tried on Tuesday and sentenced to a term of one year in prison. This case was recalled before the court and two additional witnesses were heard. The judge reconsidered the sentence and instead of the twelve months sentence, imposed a term of five years. This sentence is not concurrent with the previous one.

George Callahan was placed on trial for assault and battery with intent to kill. The case was not finished. The evidence was all in and the arguments and the judge's charge will come the first thing after the opening of court this morning.

Hills Returned.

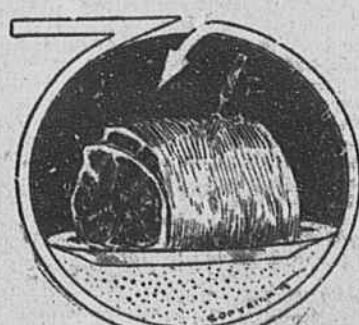

The grand jury considered only two matters during the day.

The first one was against George Callahan, charged with assault and battery with intent to kill. A true bill was returned.

The second was that of J. H. Swilling, charged with breach of trust. This was also a true bill.

Case Set For Thursday.

The Sam Blackwell murder case was set for Thursday by the solicitor. The Alexander murder case is to come up soon, but the exact day has not been set.

## Rich Philadelphian and Children Among Victims.

W. Sterling Hodges, who was a passenger on the Lusitania, was the Paris representative of the Baldwin Locomotive works. He was returning to Paris to take up his duties after a short stay in this country. He was accompanied by Mrs. Hodges, and their two small children. Sterling Hodges and Dean W. Hodges, when in Philadelphia the Hodges live at 2926 Lehigh avenue. They closed their home last week.

It is believed that the trip of Mr. Hodges and Harry J. Keser had to do with plans for the sale of equipment and possibly other munitions by the Baldwin Locomotive works to the allies. It was reported trip of Mr. Hodges was in connection with the sale of locomotives to the government of France.

after two cars had passed over him, it became known that he had been dropped out of window when a baby, by his nurse, had fallen out of a fourth story window when a boy and had landed on a clothes line which broke the fall; was shot in the head when he came within range of some revolver play four years ago and had escaped drowning last month when an automobile, in which he was riding in New Jersey, plunged into the river.

Okeene, Okla.—Sunday, while Oliver Zerby was ringing the bell in a church in this place, the clapper fell out of the bell, striking him upon the head. He died Sunday night.

Frankfort, Ky.—Chris. Wobler, who was buried in Hopkins last week, weighed 420 pounds. The largest stock casket, three feet wide, was too small to hold the body so a special coffin had to be built. It was impossible to get this coffin inside the church at Hopkins. It took twelve pall bearers to carry the remains.

London, Eng.—The king's example on the liquor question was not followed by the clergy in the meeting of the lower house of the convocation at York when the following resolution, presented by the Dean of Manchester, was passed: "That this house, while wishing to support all such measures as may in the opinion of the government be necessary for the strength and safety of the nation in time of war, would look with anxiety upon total prohibition of the sale of alcoholic drinks."

Galveston, Tex.—Charles Pertolina, the official rat catcher, has resigned. For the past six or seven months he has been catching rats along the waterfront at the rate of 2,000 a month. He received the regular bounty of eight and ten cents per rat, and in addition, a bonus of \$10 for each month in which he took over 1,000 rats. When he took the job he said he would quit when he had earned enough money to buy a boat and a gasoline engine. His ambition was realized last week and he handed in his badge.

### How Mrs. Harrod Got Rid of Her Stomach Trouble.

"I suffered with stomach trouble for years and tried everything I heard of, but the only relief I got was temporary until last spring I saw Chamberlain's Tablets advertised and procured a bottle of them at our drug store. I got immediate relief from that dreadful heaviness after eating and from pain in the stomach," writes Mrs. Linda Harrod, Fort Wayne, Ind. Obtainable everywhere.

## GERMANY MUST PAY FOR LIVES AND PROPERTY

(CONTINUED FROM PAGE ONE)

fully the gravity of the meaning of the note and is prepared for any eventualities that may follow when it is presented. The note does not say exactly what the course of the United States will be in case of a refusal nor would the president's advisers indicate today beyond saying that each new development would be considered as it arose.

In official circles, however, the eventual severance of diplomatic relations with Germany is declared not impossible if there is no abatement of the German practices. It was learned today that the president's pacific utterances in his speech at Philadelphia Monday night are not reflected in the firm, unequivocal phrases of the note.

### Back Up President.

Washington, May 12.—President Wilson spent the forenoon in his study, writing on a typewriter. He saw no callers during the morning.

Despite the tenacity of the international situation, the White House presented outwardly an air of calm. Telegrams from men in many stations of life and many organizations continued to pour in. All express their sentiment that the country would stand behind the president in any course of action that is determined on.

### Texas Will Uphold President.

Austin, Texas, May 12.—Six resolutions today were introduced in the Texas legislature on the Lusitania. One senate resolution suggested severance of diplomatic relations with Germany. The others expressed confidence in President Wilson.

The senate compromised by adopting a resolution pledging support to President Wilson "in any course he sees fit to take to uphold the dignity and honor of the United States."

### Zeppelins Sighted Over England.

London, May 12.—A Zeppelin was seen last night over Foulness, says the Daily News. Another was observed from Yarmouth, going toward the east coast. Nothing has been heard from them.
